#### ANTHRACITE STRIKE IS BREAKING DOWN

All of Idle Mines Will Resume Operations in Day or Two, It Is Believed.

Reading Company's Collieries in Shamokin Region Under Way Again.

Yesterday the Reading Company loaded about 800 cars at the breakers but to-day the number was much less. The workers are reported to be in a stubborn mood. Leaders are urging them to return to work and it is believed that their judgment will prevail and that all of the idle mines will resume

operations in a day or two. All of the Reading Coal and Iron Company's colliers except those in the Shamokin region resumed work this morning, heeding the request of the Fuel Administrator Garfield.

An official of the Reading Coal and Iron Company said to-day that all the men throughout the Schuyikill region are expected to be back at work on Wednesday. The mines south of Broad Mountain are in full operation, none of the men having quit work.

Preight Rates on Cement Raised.

Washington, Sept. 17.—Permission to increase railroad freight rates on cement from the Lehigh and Hudson districts to points in New England from \$2.20 to \$2 was granted by the Interstate Commission to-day.

The proposed tax promise to become more acute because of added war from the Lehigh and Hudson districts to points in New England from \$2.20 to \$2 was granted by the Interstate Commission to-day.

The proposed tax would require that the cities and States pay an increased rate of interest on their bonds for many years of interest on the income of such bonds had been repealed."
